Wellness & Healing for the Home

Curatron 2000HT Home Therapy System

Home Therapy System (HT)

for wellness, therapy and fitness in the home

PEMF therapy introduces a low frequency pulsed electro-magnetic field (PEMF) that recharges the cells of the body, allowing them to float freely, increasing the effective functioning surface area and consequently enhancing circulation, oxygenation and hydration. At the same time the cellular ability to absorb nutrients and remove toxins from the body is greatly increased.

Regular use of the Curatron 2000HT device is an ideal way of obtaining and maintaining health, wellness and fitness. No matter

whether your lifestyle is physically or mentally demanding, whether you are actively engaging in sports or not, healthy or not, by utilizing the Curatron Therapy & Wellness system anyone is able to experience faster regeneration, increased wellness and dramatic improvement in their quality of life. Even after years of chronic disease, positive results and recovery are seen. Curatron's PEMF therapy devices are safe for home use.

The Curatron HT is a unique Therapy & Wellness all-purpose combination system for the home. It is affordably priced, yet delivers superior dosage of energy medicine over comparably or higher priced products on the market. It offers five programs for Therapy and five programs for Health & Fitness (see chart below). Each Curatron 2000HT home unit comes complete with a mattress and a high-energy therapy pad. An optional hand held probe is available for targeted treatment.

General Applications

Wellness

- Anti-stress
- Improve fitness & performance
- Anti-aging
- Sleep improvement
- Faster recovery after injuries
- Metabolic stimulation

Therapy

- Pain relief
- Arthritis
- Sports injuries
- Osteoporosis prevention
- Fracture healing
- Varicose veins

**Energy pad and mattress
depicted with 2000HT**

The **energy mattress** is used for whole body therapy with conditions such as osteopenia, sleep disturbances, whole body circulation, oxygenation, detoxification, pain relief, well-being, etc.

The **energy therapy pad** is mostly used for application to the arms, legs, hips, spine, shoulders etc., and is the most powerful of both the applicators included .

Optional **handheld probe** delivers a focused energy field for very localized treatment.

The 2000HT system is designed for use in the comfort of your own home. It is simple to operate delivering the benefit of PEMF energy medicine on a daily basis. Whether you are treating a chronic condition or interested in maximizing your overall health and wellness this system is your ideal partner. Specific conditions may be better suited to be treated by higher-powered Curatron systems. Ask Amjo Corp for information on more powerful devices if you are interested in treating specific issues not listed.

Optional handheld high power probe

2000HT Specifications

2000HT System	Optional Applicators	Maximum Intensity
Energy Mattress	24" x 65" (60cm x 165cm)	7,000 microTesla
Energy Pad	14" x 14" (35cm x 35cm)	20,000 microTesla
Probe	6" x 1" (15cm x 2.5cm)	10,000 microTesla

Enjoy life to the fullest with PEMF!

Health and Wellness are two of the most important things we can invest in. Without these every other aspect of our lives is diminished. People should be able to enjoy every day whether at work, school, or spending time with loved ones. However, each of us will face medical challenges in life, during which PEMF can help significantly.

Curatron's PEMF devices are designed to stimulate wellness by ensuring maximum blood flow, oxygenation, nutritional uptake, and detoxification. This allows the body to perform the tasks it was designed for. The goal of the manufacturer and the distributor of Curatron systems is to maximize health ensuring a superior quality of life to be experienced.

When disease and sickness occur,

PEMF energy medicine can play a major supporting role, assisting the body's built in defense and repair mechanisms to perform with optimal efficiency.

Curatron has developed its series of devices to deliver effective doses of energy medicine. It has worked with doctors to build program settings designed to address specific conditions. In some cases the affected organs are targetted, energizing the body to speed recovery and repair.

A partner to a healthy lifestyle including regular exercise, and a responsible diet, Curatron's PEMF systems are a prudent investment for those who want to get the most out of the gift of life.

Curatronic is the leading manufacturer of PEMF treatment systems which has proven itself as the standard to meet in both performance and long lasting effects.
